

Sale Name: Bulldog Auction

LOT 121 - Professional Audio Equipment

Description

- **Peavey IPR 3000 Power Amplifier** - This is the black unit in the middle, a power amp designed for high-performance audio applications.
- **Tascam Stereo Sound Mixer** - The large unit on the right with multiple sliders, likely a Tascam model designed for multi-channel sound mixing.
- **MOTU Midi Express XT** - A MIDI interface (center), used for connecting and routing MIDI signals between devices.
- **Peavey Unit (Possibly EQ or Processor)** - A unit on the left that appears to be a Peavey sound processor or EQ device, with multiple sliders.
- **Foot Pedal (Possibly a Guitar Effects Pedal)** - The small unit in front, resembling a multi-effects guitar pedal.
- **Various Power Supplies and Connectors** - Several power adapters and cables are around the devices for powering the different units.

Quantity: 1
