LOT 140 - Sears Open Hearth Collection Dresser

Description

The Sears Open Hearth Dresser is a piece of classic American furniture that was popular in the late 20th century, known for its durable construction and rustic charm. Typically made from solid pine, this dresser features a warm, honey-toned finish with distinctive paneled detailing and sturdy hardware. Its design often includes multiple drawers, providing ample storage and organization options. The Open Hearth collection from Sears is well-loved for its traditional craftsmanship and timeless appeal, making it a favored choice for those looking to add a touch of vintage style to their bedroom décor.
