

Sale Name: Auction by the Dam - Winter Prelude

LOT 67 - Robert T. Jones Jr Golf Clubs & Bag and Regiha Floor Polisher

Description

Swing Into Nostalgia

This lot features a bundle of vintage Robert T. Jones Jr. golf clubs tucked inside an aged leather bag that's seen as many greens as a seasoned pro. Whether you're an avid collector or just need an authentic excuse to hit the links while pretending it's 1930, these clubs deliver! Included are classic irons and woods with that old-school craftsmanship no modern titanium can match.

Also Included: The "Smooth Operator" of Floor Polishers

Ever dreamed of cleaning your floors in mid-century style? The retro Regina floor polisher brings the "wow" factor to cleaning appliances. Dusty from years of service, it's ready to roll (or polish) with its original label intact. Ideal for vintage appliance enthusiasts or those who want to dance across polished floors in socks like it's 1955.

Condition: Both items show signs of wear and tear—scratches, patina, and history—but that's just vintage charm, right? Sold as-is, with no guarantee of a hole-in-one or spotless shine.

Perfect for collectors, decorators, or someone who wants to pretend they're golfing while cleaning the house.

Quantity: 1
