LOT 101 - Rock Solid Collection of Curiosities

Description

Geology buffs, gemstone aficionados, and lovers of all things earthy—feast your eyes on this diverse mineral quartet! Included in this lot are:

1. A Chunk of Petrified Wood: The ultimate time capsule, this fossilized relic of ancient flora is perfect for adding natural history to your decor.
2. Turquoise-Colored Slag Glass: A mesmerizing chunk of industrial history with a vibrant blue hue that seems to glow from within.
3. A Porous Lava Rock: Straight out of the volcano's embrace, this lightweight stone is full of fiery personality and interesting texture.
4. A Quartz Specimen: Gleaming with crystalline charm, this is the star of the show for those who love a bit of sparkle.

This collection is a tactile treasure trove—whether you're looking for display pieces, conversation starters, or a foundation for a new rock collection, this lot delivers. Geology class never looked so chic!
