Sale Name: Mountainside Auction

LOT 189 - Porta-vision & RCA Victorola Victor (plays 45s)

Description

Dial up some nostalgia with this vintage tech set! Included is an "Portavision" portable 5-inch TV with AM/FM radio, still sporting its original box for that "just unwrapped in 1979" vibe. Paired with it is a retro RCA Victrola Victor, complete with a woodgrain finish and an undeniable charm. Both pieces are untested, so they may need a little TLC to get them spinning and broadcasting again. Whether you're a collector, a tinkerer, or just someone who loves a good throwback, this lot is ready to tune into your retro dreams!

Quantity: 1
